

PROFESSIONAL EXPERIENCE

Upstream Media Cincinnati, OH

9.14.2009–12.18.2009

Responsible for complete redesign of the Upstream Media website. Upon completion of site design, I then worked with the programmer to prepare media and site design files. Collaborated with editors and directors to provide supports for various video projects.

Kolar Design Cincinnati, OH

3.31.2009–6.19.2009

Created and revised existing animations using After Effects. Collaborated on a variety of projects by creating presentations and Photoshop renders to reflect design ideations. I also assisted in creating final artwork files for large scale printing to be used for environmental branding purposes.

Barefoot Proximity Cincinnati, OH

9.2008–12.21.2008

Assisted in the monthly update of a multi-branded web site. Duties included ideating for articles, ecard and template design and image searching. All designs and imagery had to stay in line with multiple branding standards.

LexisNexis Springboro, OH

3.31.2008–6.20.2008

Design of internal web site, worked extensively on multiple color palettes, participated in establishing company wide standards for the User Experience team.

SKILLS

Excellent at multitasking and staying organized. Experienced with film and positive scanning, digital cameras, and photographing product and flat work. Knowledge of Macintosh and Windows platforms: Photoshop, AfterEffects, Illustrator, InDesign & basic HTML.
